Please **arrive to serve in the concession stand by 3:45** on the nights you are scheduled to serve.

During the time you have to serve inside the concession stand you will need to plan to wear either a hat or a hairnet to keep your hair covered since we are preparing and serving food.

If you are unable to serve on your night, you have 2 options:

1. You can contact another parent from the team your child is on and switch to another night

or

2. You may employ a sub to cover your shift that night for a fee of \$35

Whichever option you choose please contact me to let me know of the changes so I know who to expect in the concession stand. If I hear no communication from you then I will assume that you are serving your own shift. If you do not show up for your shift and have not communicated that you have switched or gotten a sub you will still be charged a \$35 fee.
